

Nightingale Class Homework - Term 1- Marvellous Mersham, Marvellous Me!

Remember	Understand	Apply	Analyse	Create	Evaluate
Can you write all or some of your numbers to 20 in symbols and words? Write in pencil or present your work in a colourful way of your choice.	Find a book set in a home and read it with an adult. Talk about the book and then write a sentence to explain your favourite part. You could also draw a picture.	Classify the types of jobs that people in Mersham do. Draw or paint the job that you would like to do the most. Can you explain why?	Investigate how many people work at Mersham Primary School. Write a list and count the total. (Remember to use capital letters for names.)	Create your own information sheet about Mersham Village or Mersham Primary School.	Write a short letter to a local councillor to recommend ways to make Mersham better, or write to Mrs Chalkley about any ideas that you have which would improve our school.
Buy something in Mersham Stores or another shop. Write down what it was and how much it cost. Were you given any change? How much?	How has Mersham Village changed over time? Discuss with a family member or friend what they know about how Mersham has changed. Write what you find out and then you can share new information with the class.	Complete a drawing showing the four main compass points. Can you write your own special rhyme to help you remember the order?	Visit one of the parks in Mersham. If you could re-design it, what different things would you include? You could explain your ideas by writing about them, drawing and labelling the features you design, or by drawing a plan of your ideal park.	Construct a model of a feature of Mersham. For example, a building such as the church or shop, or a piece of play equipment from the park.	Evaluate your first term in Nightingale Class. What have you enjoyed the most? What have you improved at already and what would you like to get better at in the future? (Carry out in final week if chosen.)

Nightingale Class Homework

Term 1 Homework

- Please complete one homework task each week (homework is handed in on a Thursday, marked and then books return home on a Friday).
- Over the term you should complete one task from each colour of the rainbow above (in any order).
- You have a choice of two activities for each colour but you only need to complete one.
- Please colour the correct section on the rainbow to show the activity you have completed...by the end of the term, the rainbow will be complete!
- Each week, in your homework book, please write the date and colour a small circle to show your activity choice.
- Homework should then be evidenced in the homework book .This may be done in the ways suggested above, or if it is a practical task a photo and/or a sentence would be great.
- Your child will also be given opportunities to share things they have made and discuss what they have found out with the rest of the class.
