Nightingale Class Homework

Term 2 Homework

- Please complete one homework task each week (homework is handed in by Thursday, marked and then books return home on a Friday).
- Over the term you should complete one task from each colour of the rainbow above (in any order).
- You have a choice of two activities for each colour but you only need to complete one.
- Please colour the correct section on the rainbow to show the activity you have completed...by the end of the term, the rainbow will be complete!
- Each week, in your homework book, please write the date and colour a small circle to show your activity choice.
- Homework should then be evidenced in the homework book. This may be done in the ways suggested above, or if it is a practical task a photo and/or a sentence would be great.
- Your child will also be given opportunities to share things they have made and discuss what they have found out with the rest of the class.
