

## Term 2 Spellings- Mrs Herdson's and Miss Napolitano's Group

This term, we're trying something a little different. Rather than sticking spellings in on a weekly basis, here are the spellings for the term. These will still be tested on a Monday, but there will be no need to hand spelling books in anymore. I have stuck a copy of these into the back of Homework books, but realise that these will often be in school for those children that hand them in straight after the weekend, so I've also given out a paper copy (for your fridge!) and have uploaded this document to the Attenborough page on the school website. Each week, for those of you using Spelling Shed as a practising tool, the lists will update at 9am on a Monday to correspond with the current weeks spellings. I hope this proves a more useful way of sharing spellings.

Also on Spelling Shed, children have an opportunity to practise the 50 expected word list for Year 1 children. These will be quizzed throughout the term, so please also practise these when you are logged in.

Thank you in advance for your support.
